ABOUT ME

I am both engineer and artist; developer and designer. I believe that coding should be, and is, an art form. I eat, sleep, and breathe the things that I am passionate about. When people ask me what I do, I like to tell them, "I eat HTML for breakfast."

EDUCATION

Bachelor of Science, Computer Sciences
University of Texas at Austin, 2001

PROFESSIONAL

Senior Interactive Designer - Callaway Golf
Oct/2012 to present

- Design and develop HTML email, web marketing assets, and web components for the e-commerce platform.
